

EXECUTIVE BIOGRAPHY

Ewa Zane

Ewa Zane is the domain product manager and global TLD operations leader for **CSC**. She's responsible for the registry and vendor relations all over the world, as well as ensuring clients are advised correctly on any new domain developments and policy changes. Ewa also focuses on client retention and providing strategic advice for domain portfolio management.

During her career at CSC, Ewa has also worked as a U.S. team leader for strategic account management and a global service team leader.

After graduating from the Warsaw School of Economics with a master's degree in economics and international relations, she combined her interests in politics with a passion for languages by obtaining a second master's degree in applied linguistics from the University of Warsaw.
